

Questions for Reflection

E37: She's a Pastor. Yeah, I said SHE.

1. What is your experience with female pastors?
2. Have you ever reflected on what the Bible says about women in leadership? Does it seem true to you?
3. Think about the role models and your own work. How many of them have been women?
4. Think about the last person you muted or unfriended? How did it feel? If you've never done that, consider why you haven't. Are your friends *really* that easy to get along with?
